

## LEGISLATIVE OUTREACH

Community Bankers Association of Illinois  
*Department of Governmental Relations*

### **CBAI ACTION ALERT: Please Sign Community Bank Regulatory Relief Petition!**

Please join with thousands of community bankers from around the country and sign a petition urging the United States House of Representatives to immediately pass the Economic Growth, Regulatory Relief and Consumer Protection Act (S. 2155).

This carefully crafted and bipartisan legislation includes common-sense improvements to financial regulations that will open doors for more creditworthy borrowers and businesses, and it will contribute to local economic growth and job creation.

Community bank regulatory relief has been debated in both chambers of Congress for many years. This legislation represents the best opportunity for significant relief initiatives that we have seen in decades. The President said he would sign S. 2155 into law. We urge you to speak out supporting this important legislation by signing the petition.

Please also share this Action Alert with your board of directors and senior management.

We need a strong response from all Illinois community bankers.
