

BankOnIT Announces Incentive to Help Raise PAC Funds

BOIT Will Contribute \$200 to CBAI's Community BancPac for each bank CEO that visits BankOnIT's Oklahoma City facility

Springfield, IL. (April 18, 2018) ---Today, during the CBAI's 34th Annual Capital Conference luncheon, BankOnIT (BOIT), CBSC's Preferred Provider for managed IT services, announced that it will donate \$200 to CBAI's Community BancPAC for every member-bank CEO who visits BOIT's Oklahoma City facilities and participates in a CEO roundtable discussion focusing on cyber security. "BankOnIT is seriously committed to providing a more secure and reliable IT operating environment than community banks can create on their own. We fully support community banks' efforts to pass legislation that helps them better serve their customers," said Robert Mendez, EVP, BankOnIT.

Beginning today, BankOnIT is offering to host groups of 5 to 6 CBAI member bank CEOs at its headquarters in Oklahoma City, Oklahoma. Upon arrival in Oklahoma City, the attending CEOs will participate in discussions focusing on today's information-technology security challenges that meet information-technology regulatory expectations; tour BOIT's impressive, state-of-the-art facilities; and participate in an open discussion over lunch. The one-day trip generally takes less than 8 hours.

"Two years ago, I accepted Robert's invitation and flew to BOIT's Oklahoma City facility," said Gregg Roegge, CBAI chairman and president of Rushville State Bank. "I didn't think I had a need at the time. I simply wanted to learn more about improving IT security at my bank. Following my visit, I learned there were significant gaps in my bank's IT security. I also learned that my bank did not have the staff or resources to provide the same level of security and efficiencies in technology management that BOIT provides for community banks." He concluded, "We've been a BOIT client now for about a year and are completely satisfied. Taking the trip to BOIT took one-day, but it was one of the best days I've spent out of the office."
