Cyber Series: FFIEC Cybersecurity Assessment Tool: Issues & Answers

Thursday, April 5, 2018

2 - 3:30 p.m.

The FFIEC released a revised Cybersecurity Assessment Tool (CAT) in May 2017. The update incorporates mapping to changes in the FFIEC IT Examination Handbook, while also allowing for a greater range of responses that lets institutions describe circumstances that impact controls adoption and/or mitigate risks in other ways. This session summarizes the changes, reviews case studies using the updated version, and addresses frequently asked questions related to application of the CAT to common situations.

HIGHLIGHTS

- Changes in the revised CAT tool
- Compare CAT tool categories and specific controls to other common cybersecurity frameworks, such as the CIS critical controls and NIST security standards
- Case studies of CAT implementation/completion from other financial institutions
- Examples of compensating controls

TAKE-AWAY TOOLKIT

- References for framework comparisons
- System and application hardening checklists
- Employee training log
- Quiz you can administer to measure staff learning and a separate answer key

Attendance verification for CE credits provided upon request.

WHO SHOULD ATTEND?

This informative session is directed to management, executives, and board/committee members with responsibility for managing or overseeing cybersecurity for your financial institution.

ABOUT THE PRESENTER

Randall J. Romes, CISSP, CRISC, MCP, has been a consultant at CliftonLarsonAllen since 1999 and brings a strong background in computer technology, physics, and education. As a principal in the Information Security Services Group, Romes leads a team of technology and industry specialists and is responsible for the continuing development of the open-source, Unix, and Windows applications used in security audits. Romes has been involved in developing numerous leading-edge hacking/testing methods and security service offerings. A featured speaker at national information and security management conferences, Romes holds multiple certifications, a Master's in Educational Technology from the University of Saint Thomas, and a Bachelor's in Education from the University of Wisconsin - Madison. In addition, he is an instructor at the Graduate School of Banking at the University of Colorado in Boulder.

THREE REGISTRATION OPTIONS

1. LIVE WEBINAR

The live webinar option allows you to have one telephone connection for the audio portion and one Internet connection (from a single computer terminal) to view online visuals as the presentation is delivered. You may have as many people as you like listen from your office speaker phone. Registrants receive a toll-free number and pass code that allow entrance to the seminar. The session is approximately 90 minutes, including question and answer sessions. Seminar materials, including instructions, PIN number, and handouts are emailed to you prior to the broadcast. You need the most-current version of Adobe Reader available free at www.adobe.com.

2. ON-DEMAND WEB LINK**

Can't attend the live webinar? The ON-DEMAND WEB LINK** is a recording of the live event including audio, visuals, and handouts. We even provide the presenter's email address so you may ask follow-up questions. Within five business days following the webinar, you are provided with a web link that can be viewed anytime for the next six months. This link expires six months after the live program date.

3. BOTH LIVE WEBINAR AND ON-DEMAND WEB LINK**

Includes options 1 and 2 above.

NEW! Listen to the on-demand web link on your iPad, iPhone, or Android. Instructions are emailed to you with the on-demand link.

**All materials are subject to copyright and intended for your bank's use only.

AFFORDABLE TRAINING, WHEN AND WHERE YOU CHOOSE.
