

SIGN HERE — TO SUPPORT COMMUNITY BANKING IN WASHINGTON

The CBAI FedPac was created to enhance the impact of Illinois community banks and help exert a strong, proactive influence on Washington's legislative process. No other profession faces more regulation and fierce competition than community banking, and CBAI FedPac is an important tool for our members to help support candidates who believe in our mission to compete and serve our communities and customers. Please help community banking continue to strengthen its presence in Congress by signing this Authorization.

We must have your signature on file in the event that you or any of your executives, administrative personnel or directors opt to take part in CBAI FedPac activities or special events.
