

**Federal Deposit  
Insurance Corporation**

Each depositor insured to at least \$250,000 per insured bank

## Increasing Access to Affordable Mortgage Credit Workshop

The Federal Deposit Insurance Corporation, Federal Reserve Bank of Chicago, Office of the Comptroller of the Currency and the Community Bankers Association of Illinois are partnering to convene this single family mortgage credit workshop for banks and other participants. This workshop is designed to provide information on affordable mortgage and refinancing products that may be helpful in meeting the needs of LMI and other underserved consumers. Participants will learn about federal programs and other resources that can enhance or expand mortgage-related lending activities in their local markets. The session will highlight effective ways for banks to make prudently underwritten and sustainable mortgage loans. The event will also examine barriers that exist in providing mortgage credit and potential partnership opportunities.
