

Price Cap Benefit Saves CBAI Members Money!

Recently, Harland Clarke announced a price increase on personal and business checks. Effective December 31, 2017, prices on most check products will increase an average of about 5%.

However, the price increase for CBAI members under contract with Harland Clarke has now been capped at 3%. *That's a 2% savings that goes directly to your bank's bottom line!*

Since its inception seven years ago, the price increase cap benefit has saved CBAI members more than \$1 million on the cost of check products purchased from Harland. We are proud to have helped make that happen. Additionally, CBAI members receive a 5% rebate on the purchase of Harland marketing programs and card services.

If you have any questions, or would like more information about CBAI member benefits, please contact Diane Schipkowski, Harland Clarke Sr. Account Executive at 815/493-8763, or via email at Diane.Schipkowski@harlandclarke.com; or Mike Duke, CBSC VP of Services at 800/736-2224, or via email at miked@cba.com.

We look forward to serving you.

P.S. Did you know Harland Clarke can help your bank issue debit and credit cards instantly? Ask us for more information.
